Attachments: Induced seismicity Report 1-16-14.pdf

Hello Angela. Attached is the version of the induced seismicity report we discussed during our phone call. This version was the final draft sent to EPA Headquarters early this year. As we discussed, this version was sent out for peer review and the final version has not yet been released. Thanks.

Subject: Stories of interest!

Hi Phil,
I wanted to share these stories that Tulsa World has done since the Pruitt piece on Sunday.

Thanks, Angela Spotts

I also wanted to make sure that I asked you on behalf of the Freedom of Information Act to request the draft of the report we spoke of that is in DC. THANKS!
